NOTE.

When the question of the investment of Muzrai surplus funds in 6½ % State Loan was taken up in 1920, it was found that the statements of such funds as furnished by the Taluks varied widely from those admitted by the -- Comptroller and as no accounts had been maintained in the Muzrai Superintendent's Office, it was decided to have the differences reconciled and to fix the correct balances of the several -- individual institutions with reference to the District and Taluk accounts from 1900 - 01 when the balances of the Muzrai Institutions had been fixed individually and accepted by Government in their Order dated 10th March 1904.

2. The accounts of Sivaganga Matt had also fallen into confusion and they had to be brought up-to-date with reference to the collections from the inam villages and the expenses since July 1900 when the accounts were last audited.

3. I was placed on special duty from 26th July 1921. I had done the work in 1899-00, and when I accepted it again now, I had expected that the Taluks and the Districts at least -- would have maintained the prescribed accounts and annual statements.

But when I entered on the work, I found that even ~~that~~ ~~even~~ the Taluks or District -- Offices had not maintained any accounts and that the Comptroller had in his books mixed up the major and minor, the Hindu and Mahommedan institutions etc.; and I had therefore to compile them month by month from July 1900.

Jk

~~As this~~ meant a scrutiny and reconstruction of the accounts of (1716) Institutions month by month for twenty-one years and all from Bills, Acquittance Rolls and Treasury Cash Books and such other subsidiary resources as I could get in the Taluk records. Such work naturally -- proved a very laborious one and the confused state in which some of these records were found defied all forecasts of time and labour.

Cement mon th. Permanent lands both then be reversed to their permanent basis & the temporary lands sent away.

Thro' the Joint Secy. 2/21-21 JK

As Finance General time stated it is necessary to have this work completed as early as possible. I have tried to get it done by Mr. Srinivasaya Iyer. Before the work is closed a report may be obtained from Comptr as to whether the total of balances of the several institutions agrees with the amt to their credit in his books I would again urge the need for keeping Pass Books and for not allowing future work to fall into arrears again

Very 3/5/22

4. I have now completed this work and have collated institutionwar details for the debits and credits of Muzrai funds month by month -- from July 1900 with the exception of the credits of 4 years from 1900 - 1 to 1903-4 for the Taluks of Kadur and Kolar Districts and a few taluks of Mysore. These credit statements could be easily compiled by the Amildars from their "C" Book, but the Deputy Commissioners of Kadur and Kolar have not till now responded to my requisition in spite of reminders.

5. I am however proceeding with the consolidation of the credits and debits so far worked out, expecting an early receipt of the few that are still required from Kadur and Kolar Districts This work was started last month and four -- Districts have been compiled. The statements of the remaining four Districts are under compilation.

6. After this consolidation is completed, the totals of the twenty-one years from 1900-01 to 1920-21 will be tabulated in the following form and the final balances institutionwar -- determined:-

Institution.	Opening balance on 1-7-1900.	Credits 1900-01 to 1920-21.	Debits 1900-01 to 1920-21.	Closing balance on 30-7-1921.	Remark

8. The accounts of the Sivaganga Mutt were also in great confusion for want of consolidation of the Revenue accounts of 24 Inam villages situated in six Taluks. I have now brought up the Jamabandy D.C.B. statements up to date from 1900-01 and checking the collections with Treasury credits have reconstructed the accounts of the Matt and fixed the balance as it ought to be on 30th June 1921, noting all omissions and errors in the Comptroller's ledgers as verified with the Taluk collections and Matt accounts.

9. From the above, it will be seen how I have come to the closing stage of the work and its completion is within sight. As all that has to be done is to compile and consolidate the collated piece-meal, a purely clerical work I venture to submit that with some extra -- clerical help from the Muzrai Superintendent's Office, the special duty may be determined ~~by~~ ~~the~~ close of this month.
